

From the Canon Treasurer

Welcome aboard Stephane, Sarah and Luke, our newest masons.

As we enter the final laps of the Major Repair Programme, we have been hunting near and far for the very best stone masons to complete the work on the Trinity Chapel, the oldest part of the Cathedral.

Luke Kingston joined us in the Autumn from Wells Cathedral and after a housing move from Bristol. As the New Year arrived, so did Stephane Woodside, all the way from working on Government House, Toronto - and after an interview by Skype. And the first days of Spring

brought Sarah Klopper from Weymouth, who has been teaching stone carving at the Dorset Centre for the Creative Arts.

Welcome to all three, and thanks to Stephane and Luke seen here for a top job rebuilding the Tearooms wall behind the Friends Office.

Robert Titley

Canon Treasurer, Salisbury Cathedral
